

Located in the beautiful Rutland countryside is Michael Appleby Racing.

Moving from Newark in Nottinghamshire to Langham near Oakham in December 2016 has been a very busy and exciting time for the yard. In this small amount of time, lots of changes have been made to this former Polo yard to accommodate over 90 horses and amongst other alterations, a purpose built all weather mile gallop has been laid, which is just the start of the transformation and plans are being made to put a further two grass gallops in.

Having over 25 years of experience in the racing industry, both riding and training have indeed paid dividend in the success being proven in the yard. Being the All Weather Champion Trainer 2015-2016 proves that hard work and dedication will inevitably give good results.

The All Weather Championship runs from October to April and the Finals Day this year is on 14th April. This is the richest All Weather race card staged in Europe as well as one of the richest race days in the UK. With our exciting news of our new affiliation with Champion jockey Silvestre De Sousa we are looking to make our partnership strong and successful for both parties.

We have been lucky enough to have had runners in Dubai last year, which was a great experience and one that we would like to re visit in the future. We are not only looking to increase our presence in the UK but having had runners in Southern Ireland, Germany and Sweden we would like to forge a new era for ourselves in Europe.

We have a very good mix of syndicates and individual owners, who have been extremely supportive over the years and in the transition of our new yard. We like to encourage our owners to visit our establishment as often as they can as we feel we are all one team together. Having the owners input and communication is very important to us as we want our owners to feel a part of structure.

The horse and its well being is at the forefront in the ethos of the yard and on visiting the stable, the horses are visibly content and well in themselves. Happy, well horses and the ability to know when a horse is ready and fit is the key to success.

2017 is going to be a very exciting time for us and we are relishing the challenge of making this year the start of the next stage in our bigger plan going forward.

Mick Appleby
